

## Manufacturers Declaration of Origin

We, Solar MD, with headquarters located in 7B Lionel Solomons Boulevard, Richmond Park, 7435 Cape Town, South Africa hereby declare that our

**Logger V2 is manufactured in South Africa.**

This includes all stages of production, from the sourcing of materials and components, through the assembly, testing, and final quality control processes.

Our production facility, situated in 7B Lionel Solomons Boulevard, Richmond Park, 7435 Cape Town, South Africa, operates in compliance with South African manufacturing standards and adheres to international quality and safety regulations.

We are committed to supporting local industry, employing South African labour, and utilizing domestically sourced materials whenever possible to ensure that our products are of the highest quality and contribute to the growth of the South African manufacturing sector.

This declaration serves as a formal statement of our commitment to the local economy and to ensuring that all products leaving our facility are made in South Africa.

Yours sincerely,

Kaloyan Dimov, CEO  
Solar MD (Pty) Ltd
